

## KPL New Generation Filtration Unit

### KPL1000-IBC Unit

#### Specifications:

Part Number:	MP4IBC1X6B100
Size:	445mm x 350mm x 1060mm(H)
Weight:	61 kg Dry Weight
Flow Rate:	1080litres p/h (ISO 46 at 40° C)
Relief Valve:	Sun 0 to 10 Bar
Motor:	CEG
Power:	50Hz 240/415 Volt Australian
Maximum Pressure:	10 BAR
RPM:	1410
IP Rating:	52
Pressure Gauge:	0 to 16 BAR
Pump:	Bosch 0510525011 11CC
Noise Level:	70 dB
Cleanliness:	ISO 14/11/09 NAS3*
Water PPM:	50PPM or better*
Particle Capacity:	Up to 2400gram*
H2O Capacity:	Up to 3000ml*

**Note:** Use of filtration unit requires operation under protected cover / area and in non-hazardous areas. Not to be used with solvents of any kind.

#### Note about service capacity:

**\*Please Note:** System / Unit capacities and capabilities are dependent on equipment / Fluid type and conditions on site. Please contact us for more information
