

KPL New Generation Filtration Unit

KPL4000 Trolley Mounted Unit

Including Variable Speed Drive

Specifications:

Part Number:	MP4-4000-VSD-T
Size:	650mm x 950mm x 1250mm
Weight:	2450kg Dry Weight
Flow Rate:	4320litres p/h (ISO 46 at 40° C)
Relief Valve:	Sun 0 to 10 Bar
Motor:	CEG
Power:	50Hz 240/415 Volt Australian
Maximum Pressure:	10 BAR
RPM:	1410
IP Rating:	30
Pressure Gauge:	0 to 16 BAR
Pump:	Casappa Gear Pump 43CC
Noise Level:	70 dB
Cleanliness:	ISO 14/11/09 NAS3*
Water PPM:	50PPM or better*
Particle Capacity:	Up to 9600gram*
H2O Capacity:	Up to 12000ml*

Note: Use of filtration unit requires operation under protected cover / area and in non-hazardous areas. * Not to be used with solvents of any kind.

* Intrinsically safe Filtration units available. Please contact KPL Filtration for more details.
